### About

Nestled in the heart of DC's vibrant Petworth neighborhood, **Hank's Cocktail Bar**, by award winning local restaurateur Jamie Leeds, embraces the area's eclectic "cool" factor with a palpable sense of community. Not to be fooled by its approachable appeal, the seductively moody watering hole is quietly revolutionizing the city's cocktail scene with innovative, avant-garde concoctions by head bartender / mixology mastermind Jessica Weinstein.

Skilled in the art of hospitality, Jessica Weinstein and her team pioneer inimitable drinks that can be enjoyed with the select range of chef-driven bar bites and weekend brunch favorites. Bringing the flavors of the kitchen to the bar, her cocktails showcase a distinctly culinary direction with ingredients ranging from charred eggplant to garlic-infused Armagnac and Greek yogurt based gin tipples. With a knack for creating bespoke cocktails for guests based on their taste preferences, she is quick to find your true "spirit cocktail." If it's a smash hit, it might just earn a coveted spot on the menu!
