anchored by a classic wood-burning oven, Red Pump Kitchen's casual, festive atmosphere is equally ideal for a special occasion or a midweek night on the town. Chef Lee Hendrickson's Mediterranean and Tuscan-inspired menu showcases house-made pastas, gourmet pizzas and seasonal dishes inspired by local Virginia farm partners. Each dish may be paired with a selection of carefully curated wines and hand-crafted cocktails. The interior holds an airy, rustic European atmosphere illuminated day and night -- from sunlight pouring in through the open front-façade of the corner location or from the soft evening glow of candles atop live-edged wooden tables.

Beverage Program	Red Pump Kitchen combines traditional ideas and contemporary ingredients to craft cocktails for every diner's palate. True to their Virginia roots, the wine, craft beer and cider menus feature local selections, as well as hand picked bottles ranging from the lush vineyards of California to the mountains ranges of Tuscany. With notes of cedar and deep blackberry, its signature "Red Pump" wine is available to enjoy along with other varieties produced locally through its sister property Pippin Hill Farm + Vineyards.
